

Hyer Office Furniture

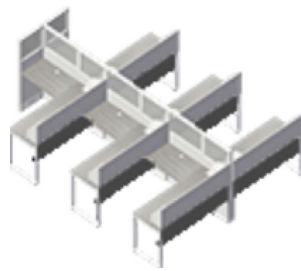

All panels are stackable, even if they have already been installed, and stacks can be added to stacks! This allows for unprecedented flexibility in a panel system! All metal frame with an internal acoustical honeycomb core allows for the use of magnets on any vertical surface. The use of magnets negates the fabric wear and tear and board degradation caused by the repeated use of push pins.

OFFICE

Our modular walls avail customers of asset-based solutions to your open area. Why put money in someone else's building when you can purchase a capital asset that is cheaper than traditional sheetrock?

MODULAR DESKING

Our modular deskings blurs the line between casegoods and system furniture. From freestanding to panel supported, there are many ways to build office furniture solutions with Hyer.

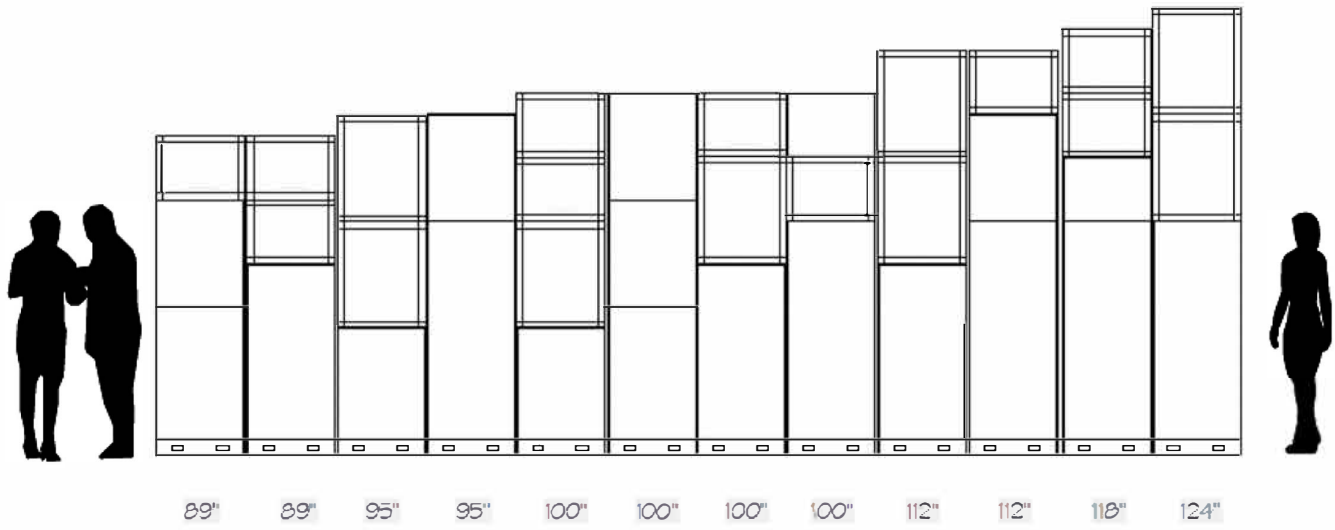

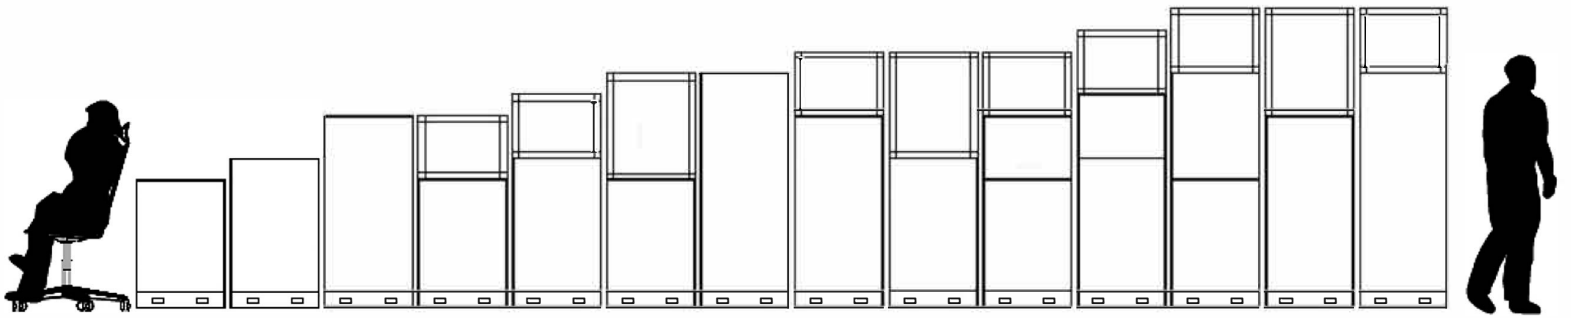

WORKSTATIONS

Our modular workstations are unmatched in value. We offer nearly unlimited solutions in workstation cubicles.
