

Silver

\* Smooth single motor lifting system two stages, using very strong steel. From sitting to standing, just touch it.

\* The suitable desktop width is from 48 inches to 72 inches. Adjust your height from 26.7 inches to 47.5 inches.

\* Safe! Load 110lbs, overload protection can prevent the load from higher than the rated load, thus ensuring the safety of your frame.

\* A very economical lifting table, using nylon feet to reduce the weight of the entire table frame, very suitable for work at home, office workstations, computer desks and dual-monitor systems
